## July Employee of the Month

### Lydia Aquina Dining Server

Lydia deserves recognition for her dedication and hard work. She is a team player for the food and beverage department. When the department is short in an area, and you ask Lydia to fill in, she does it with a smile and never complains. She started in the food and beverage department as a runner and has worked her way up to dining server. My sincere thanks Lydia for the great job you are doing. You deserve to be employee of the month.

*-Donna Beane, Director of Food and Beverage*
